## Introduces Model CBP6Z After-Market Pneumatic Return Chute System To Fit The Continental BesPress

---

Inside View

### FEATURES:

- *Eliminates up to 2 men at the press (depending on production rate); reduces tying time to 15 seconds and puts money in your pocket year after year.*
- *Existing Bale Ejector is modified to engage a special lifter assembly mounted inside the doors. It is powered by the air cylinder that is mounted outside the bottom sill.  
**NO ADDITIONAL PNEUMATICS, ELECTRICS, OR HYDRAULICS REQUIRED.***
- *Chuted door is powered open and closed by existing door jacks which reduces manpower.*
- *Includes: (2) Doors with internal return chutes for wire ties and hydraulic bale ejectors, (1) bolt-on follow block face plate with Car-Loker bars installed, (2) sets of platen bars-six wire models only, (2) door stop assemblies, (1) set of bale indentation bars, (2) door roller ramps.*
- *Options: (6) or (8) tie chute systems, left or right hand doors.*
- *Strong, Durable Gin-worthy construction.*
- *Quick & Easy to install.*
- *8-10 weeks delivery for standard models!*
- *Covered by full one year warranty.*
