

*"Labor Savings Devices"*

# Model BPRD

REPLACEMENT DOOR

To Fit the Continental BesPress

**"Strongest Doors in the Industry"**

## ADVANTAGES:

- *Made from certified U.S. High Strength Steel*
- *1 1/2" thick ribs and 3/4" thick back plate makes our doors extra strong where other doors have failed*
- *Includes (1) Roller Bracket with High Strength Pin, grease fitting, bronze bushing, and fasteners*
- *Designed to fit Left-Hand or Right-Hand applications*
- *Open hinge design allows for use with CTC Telescopic Pin; therefore, eliminating the unnecessary need to remove the upper boxes and allows for easy access to pin and bushings*
- *Dimensionally Interchangeable with Continental Door*
