

"Labor Savings Devices"

Model BPRD

REPLACEMENT DOOR

To Fit the Continental BesPress

"Strongest Doors in the Industry"

ADVANTAGES:

- *Made from certified U.S. High Strength Steel*
- *1 1/2" thick ribs and 3/4" thick back plate make our doors extra strong where other doors have failed*
- *Open hinge design allows for easy access to pin and bushings*
- *Open hinge designs allows for use of CTC Telescopic Pin; therefore, eliminating the unnecessary need to remove the upper boxes*
- *Dimensionally Interchangeable*
