

"Labor Savings Devices"

Model ECBP6

ECONOMY SERIES RETURN CHUTE DOORS

To Fit the Continental BesPress

ADVANTAGES:

- *Eliminates up to 2 men at the press (depending on production rate); reduces tying time to 15 seconds and puts money in your pocket year after year*
- *Open hinge design allows for use of Telescopic Pin (sold separately). Telescopic Pin eliminates the need to remove upper boxes on press if doors need to be removed*
- *Can be ordered with or without hydraulic bale ejector. Access hole is provided in back of door for both models*
- *Includes: (2) Doors with internal return chutes for wire ties, (1) Bolt-on follow block face plate with Car-Loker bars installed, (1) set of scab bars for lower platen bars, (2) door stop assemblies, (2) door roller ramps.*
- *Options: (6) or (8) Tie Chute Systems, Left or Right Doors*
- *Strong, Durable Gin-Worthy Construction*
- *Made from certified U.S. High Strength Steel*
- *Easy and Quick to install, requires some field wiring and welding*
- *Covered by full one-year warranty*
