

"Labor Savings Devices"

Model BPRTSS

HIGH STRENGTH TURNING SPROCKET SUPPORT

To Fit the Continental BesPress

APART

TOGETHER

ADVANTAGES:

- *Greatly improved torsional strength over original Continental design made of channel*
- *Split design allows for ease of installation*
- *Fits standard Turning Sprocket and Bottom Raceway Retainer*
- *All critical surfaces machined to insure perfect fit and concentricity*
- *(4) Side ports allow for inspection of Lifting Rods*
- *Made in USA*
