

"Labor Savings Devices"

Model FBSL

BOX STABILIZER LOCK

To Fit the Fishburne CB-400 Press

NOTE: HYDRAULIC CYLINDER
NOT SHOWN IN PICTURE

INSTALLED VIEW ON
TRAMPER END COLUMN

ADVANTAGES:

- *Prevents misalignment of box on tramper side of press created by large cotton charges from slide and pusher*
- *Prevents premature failure of Tramper Hydraulic Cylinder*
- *Reduces wear on Tramper Guide Rod Bearings*
- *Hydraulically operated by the same size cylinder as the existing Turn Table Latch*
- *Hydraulically operated to insure positive action*
- *Easy to Install*
