

"Labor Savings Devices"

Model FRFCB

REPLACEMENT FLY CONTROL BOXES

To Fit the Fishburne CB-400 Press

"We can build one to fit virtually any press"

ADVANTAGES:

- *Virtually eliminates airborne Fly from around Dog Slots of Lift Boxes which is required for many automatic bagger and strapping machines.*
- *Design incorporates (2) Clean-Out Doors at top & (1) Clean-Out Door at bottom*
- *Perforated screen has 60% open area to reduce air velocity*
- *Rugged construction to prevent bending from wedged cotton on top of Boxes that sometimes occurs.*
- *Easy to install*
